## Senior Portrait Session Fee

**\$129**

Your session will include 60 to 90 minutes of photography time at the location of your choice and a 60 minute studio session. You will be able to bring multiple outfits, props, pets, etc. The session fee is a creation fee that covers the photographer's time and does not include any prints or products. Studio or location session only - \$75.

## Pre-Portrait Consultation

Your portrait session will be greatly enhanced with a pre-portrait planning session at our studio at some time prior to the photo shoot. It will allow us to get to know you, learn about your interests, discuss wardrobe and locations as well as your personal style. We want to match your session to your personality. We can show you samples of previous sessions, go over our products and pricing and schedule your previewing session. This consultation will take about 30 minutes.

## Ordering Session

Your images will be ready in about two weeks after your session. We will schedule a time for you to come in to preview your photos, projected on our large screen to make your selections and place your order. We will begin with a slideshow of all of the images followed by a time to select your favorites. This ordering session usually lasts from one to two hours.

We will have refreshments available. It is recommended that all decision makers be present. We don't have child care facilities and it is best to not bring young children. If you are unable to place your order at this session, we can schedule a second session for a \$50 charge or you we can post your selections online for 14 days, also for \$50. A 50% deposit is due when your order is placed with the balance being due when you order is delivered.

## Production Times

After placing your order, prints and wall portraits will be ready in about two weeks. Canvas and Metallic prints are printed off site and will require a longer production time, usually around 4 weeks. Personal Yearbooks are designed and proofed for your approval before submitted for production. That design is typically ready in about two weeks. Once approved, the book should be ready in 2 - 3 weeks.
